Church of the Redeemer

2009 \$18,000 Preservation Plan

2010 \$47,984 Roof Restoration

Grant Recipient: Church of the Redeemer

Location: Morristown Town

The 1917, stone Gothic Revival Church was designed by the New York architectural firm of Parish & Schroeder. It is a key resource in the Morristown Historic District listed on the New Jersey and National Registers.

The 2009 grant completed a Preservation Plan to guide future work at the church.

The scope of the 2010 grant is to replace the flat roof at the narthex with new modified bitumen roof and flashings.
