Dr. Lewis Condict House

View of the north and east elevations in February 2009 at the completion of the Phase I Exterior Restoration. The proposed project will continue the work of this phase including stabilizing the auditorium roof.

2009

Woman's Club of Morristown

2005	\$39,200	Sprinkler System
2006	\$22,960	Preservation Plan
2007	\$14,720	Architectural Services
2008	\$60,160	Exterior Restoration
2009	\$12,640	Contract Documents
2010	\$140,000	Phase 2 Restoration/Stabilization
2011	\$140,000	Phase IIB Exterior Restoration

Grant Recipient: The Woman's Club of Morristown, Inc.

Location: Morristown Town

Built in 1797 for the family of Dr. Lewis Condict, the building is in the Federal style. During WWI, the building was the Red Cross Headquarters. It now serves as the home of the Woman's Club of Morristown. It is individually listed on the National and New Jersey Registers of Historic Places.

The County funded a basement sprinkler system in 2005 and a Preservation Plan for the house in 2006.

The 2007 and 2008 grants completed partial exterior restoration of the historic core of the building.

The 2009 grant completed Construction Documents for the roof stabilization and restoration of exterior features.

The scope of the 2010 grant is the stabilization of the auditorium roof structure and the restoration and repair of exterior features including carpentry, windows, exterior doors, stucco, masonry and the main roof.

A 2011 grant will assist with replacement of the slate and metal roofs at the historic core, carpentry and stucco repairs, doors and windows restoration, and exterior painting.
